REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Kara et al. (WO/9921330) discloses the use of a system which is programmed to receive delivery requests, collecting from a first user, parcel information, collecting from a second user, destination information, calculating shipping information and displaying the rates to the second user. Kara fails to disclose a second user requesting a parcel be shipped and based on the request the system collecting parcel information, origin address and shipping preferences from the first user and destination information as well as choice of carrier and service from the second user, and then display the shipping rate based on the choice of carrier. Therefore, a computer system which is programmed to receive a request from a second user for a first user to ship a package, the system based on the request collects parcel, origin and shipping information from a first user, then collects destination address, an identification of a carrier and service to be used from a second user, then calculates and displays the shipping rate is not anticipated nor rendered obvious over Kara and the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
